

ROPE SILHOUETTE SANTA ON HELICOPTER

FOR INDOOR AND OUTDOOR USE

Australian Approval No: Q060496

- This rope light silhouette is for indoor and outdoor use.
- The plug must be kept indoors at all times. There is a 3M lead cable to trail the light set outdoors.
- It is not possible to replace bulbs with this set. The bulbs are pre-inserted into the rope tubing at the factory.
- A press button control box is included. Press the button to enjoy different functions.

INFORMATION

This set operates on : 230 / 240V 50Hz 229.32W
Bulb rating : 6.5V 0.07A 0.455W

FOR SAFETY'S SAKE

1. The light set can be used indoors or outdoors but always connect the plug to an indoor mains supply.
2. Do not connect the set to the mains whilst it is in the packaging.
3. Disconnect from mains when not in use.
4. Do not connect this chain electrically to any other chain.
5. Do not expose cable or fittings to direct heat or flame.
6. Avoid damage to the wiring insulation.
7. Do not leave lights unattended for any length of time.

WARNING

IF THE CABLE ON THIS LIGHT SET GETS DAMAGED IN ANY WAY, IT MUST NOT BE PLUGGED IN OR USED UNTIL A QUALIFIED ELECTRICIAN REPAIRS THE CABLE BY REPLACING IT IN ITS ENTIRETY. IF A QUALIFIED ELECTRICIAN IS NOT CONSULTED, THE LIGHT SET SHOULD BE THROWN AWAY.
